2. Xero Software Licence and Data Ownership

Partner licence provisioning. Lumeo represents that it is a Xero Partner and will provision the core Xero organisation subscription as part of the selected monthly retainer, for the duration of this Agreement and subject to Xero's applicable terms.

Subscription management. The Xero subscription will remain attached to Lumeo's practice management account while this Agreement is active. The Client remains responsible for the accuracy and completeness of the source information it supplies.

Client data. The Client retains ownership of its underlying business, financial and source-record data. Lumeo may access and process that data only as reasonably needed to perform the agreed services.

Offboarding and transfer. After termination, settlement of all outstanding invoices and completion of the 30-day notice period, Lumeo will cooperate in transferring the Xero organisation subscription to the Client or its newly designated accounting provider, subject to Xero's applicable processes and terms. Any work needed to prepare, reconcile or transfer records beyond the agreed scope may be quoted separately.

3. Digital Infrastructure and Managed Domains

Asset provisioning. Web hosting, DNS administration, .co.za domain registrations and server environments supplied under the retainer are provisioned and technically administered by Lumeo for the duration of the engagement. Domain registrations arranged by Lumeo remain under Lumeo's administrative control unless transferred under the offboarding process below.

Access and continuity. Continued domain accessibility, hosting and domain-linked email services are contingent on an active retainer and the Client's account being up to date. Included service levels, quantities and update allowances are limited to the selected plan.

Overdue accounts and suspension. If an account remains unpaid for more than 30 calendar days, Lumeo reserves the right to suspend web hosting, DNS routing, email server access and active Xero ledger processing until all outstanding balances are paid in full.

Domain transfer / buyout. If the Client terminates this Agreement and wishes to take independent ownership and control of a hosted .co.za domain registered or administered by Lumeo, a domain transfer and administrative buyout fee of R2,500 excluding VAT applies before Lumeo initiates the EPP authorisation-key transfer. Transfer is also subject to settlement of outstanding amounts and the applicable domain registrar's requirements.

4. Payment Terms and Adjustments

Retainer billing. Monthly retainer fees are invoiced in advance on the first day of each calendar month and are payable within seven days of invoice issuance by EFT or debit order. Fees stated in this Agreement exclude VAT unless expressly stated otherwise; VAT will be charged where applicable.

Out-of-scope work. Work not included in the selected plan, including backdated clean-up, historical reconstruction or complex SARS audit representation, will be quoted separately or billed at R650 per hour excluding VAT, as agreed with the Client before the work begins.

Annual review. Retainer rates may be adjusted annually by 7% to 10% on the anniversary of this Agreement. Lumeo will give the Client at least 30 days' written notice of an adjustment.

5. Client Obligations and Data Accuracy

Document submission. The Client will provide all bank statements, invoices, receipts and statutory records needed for the services by no later than the seventh calendar day of each month. Late or incomplete records may affect processing and filing timelines, and the Client remains responsible for meeting statutory deadlines where delays result from late or incomplete information.

Accuracy and completeness. The Client is legally responsible for the completeness, accuracy and authenticity of all accounting source documents and other information supplied to Lumeo. The Client will promptly review queries and provide corrections or missing information when requested.

6. Term and Termination

Either party may terminate this Agreement by giving the other party 30 days' written notice. The Client remains responsible for all retainer fees due during the notice period, approved out-of-scope work and applicable domain transfer fees. These amounts must be settled before final account sign-off, Xero subscription transfer and file handover.

7. Acceptance and Signatures

By signing below, the parties confirm that they have read and agree to this Agreement, including the selected plan, fees and scope recorded above.
